

CLIMATE LAW & GOVERNANCE DAY

CLIMATE LAW & GOVERNANCE INITIATIVE

Friday 05 November 2021 - Glasgow, UK

REGISTER NOW

Are you interested in emerging issues & innovations in climate law & governance?
 Could your climate law & governance work benefit from sharing knowledge, research,
 innovations & experiences during the UNFCCC COP26 in Glasgow this November 2021?
 Are you seeking to connect with specialist law & governance support to address key
 issues for your country or community related to climate change?

Four key themes, based on UNFCCC COP26 UK Presidency vision & UNFCCC
 Climate Dialogues 2020 Climate Law & Governance Roundtable

Operationalising the Paris Agreement: Promoting climate ambition, action,
 finance & capacity through international legal & policy instruments.

Piloting Legal & Governance Tools for High Ambition Implementation: Innovating
 local legal & governance regimes for climate mitigation, adaptation and finance,
 creating synergies within & across sectors, and strengthening capacity.

Advancing Climate Resilience & Climate Justice: Engaging civil society, courts &
 the legal community in accelerating climate action, enhancing transparency &
 accountability, integrating rights based approaches & advancing the Warsaw
 International Mechanism for loss & damage.

Enabling Zero Legal Frameworks for Climate Neutral Investment & Finance:
 Exploring legal tools & obstacles for more sustainable finance & global supply
 chains through commercial, trade & investment law.

A World-Class Climate Law and Governance Symposium

High-level plenaries on transforming climate ambition to obligation &
 finance, implementing the Paris Agreement & converting public & private
 clients to net zero

Celebration of the Climate Law & Governance Global Leadership Awards &
 International Student Essay Contest Winners 2021

16 world-class sessions hosted by leading experts from international
 organisations & institutions on innovative climate law & governance trends,
 discoveries & practices

Key findings & outcomes shared with delegates & observers at UNFCCC
 COP26, & communicated worldwide through growing climate law &
 governance community

With grateful recognition of our law association, law journal, publisher & law firm partners:
